

DuraDock™ - Dock Bumpers

Affordable Long-Lasting Protection for Docks & Trucks

Extensive field testing has yielded extraordinary results that show the DuraDock™ bumper giving many times the life span of the traditional rubber dock bumper and providing exceptional return on investment.

- High impact durability and superior low friction contact surface allows easy up/down movement of trucks/trailers
- Shock absorbing backing material
- Light, Simple upgrade – can be easily lifted and retrofitted to existing docks
- 3 year warranty (Product Only)

SIZES	W x H x D
Composite Bumper	250MM x 460MM x 100MM
Steel-Faced - Standard	285MM x 470MM x 115MM
Steel-Faced - Special	285MM x 470MM x 165MM

STEEL FACED DOCK BUMPER

- Ideal for use in docking areas where excessive friction from up/down trailer movement occurs.
- Impervious to weather damage.
- Galvanised option is available upon request
- Optional Dock Bumper Block Out Spacer (pictured)
- 5 year warranty (Product Only)
